

# SSLBG STAINLESS STEEL

## Linear Bar Grille

The Series SSLBG grilles are for supply or return air in sidewall or sill installations. Designed with fixed 0° air-foil blades parallel to the grilles long dimension, blades are reinforced on approximate 8" centers.

Air-foil blades are set at 0° on 3/8" centers allowing 1/4" spacing between blades. Constructed of 304 stainless steel with satin finish standard. Type 316 stainless steel also available at an additional cost.

**Specify** Series S-44 OBD attached to make supply or return registers. The S-44 OBD assures even distribution of air across the grille face as well as positive volume control.

**NOTE: Not designed for floor traffic.**

**SEE OPTIONS PAGES:**
