

SSLBG – Linear Light Duty Bar Grille

The SSLBG Series Linear Light Duty Bar Grille is designed for supply or return air in sidewall or sill installations. Designed with fixed 0° air foil blades parallel to the grille's long dimension, blades are reinforced on approximate 1" centers. Air foil blades are set at 0° on 3/8" centers allowing 1/4" spacing between blades.

For supply or return registers, specify Series S-44 Opposed Blade Damper (OBD) attached to SSLBG Series. S-44 OBD assures even distribution of air across the grille face, as well as positive volume control.
