

SSPERF-Core – Perforated Return Air Grille

The SSPERF-Core Perforated Return Air Grille is made to fit standard T-bar ceilings or custom made-to-order sizes. Constructed from 22-gauge type 304 stainless steel with 51% free area and 3/16" diameter holes on 1/4" staggered centers. This grille easily converts a T-bar ceiling panel into a return air grille.

For supply air, specify with 4 individually adjustable deflection plates attached.

STANDARD FEATURES

- Type 304 stainless steel construction
- #4 satin polished finish
- 51% perforated face – 3/16" diameter holes on 60° 1/4" staggered centers

OPTIONAL FEATURES

- Type 316 stainless steel construction
- Antimicrobial epoxy powder coat finish options
- Directional airflow options for supply air louvers:
1, 2, 3, or 4-way
