- ☐ 2" Filter capacity (ALFG2)
- ☐ Available in T-Bar application (ALTFG)
- ☐ Alternative hinge and latch options available (please fill out Filter Grille Order Supplement form)

Finish: ☐ White ☐ Satin Anodized

FG Frame Detail

Product Notes:

Filter grilles are manufactured 3/16" undersized nominal duct outside dimension for ease of installation. Air filter should be 1/4" to 1/2" undersized. Verify with air filter manufacturer for air specifications.

Filter grilles allow for installation of larger thickness filters which can reduce pressure drop on the overall system, improving air flow through the heat exchanger and allowing more time between filter changes.
